Introduction

Access and use of CrossFire[®] product centers at a particular site is governed by a CrossFire Product Center Use Agreement. The Use Agreement contains a Product Center Warranty that states that each product center will perform the functions applicable to the product center set forth in the then most current version of these specifications.

Thus, the most current version of these specifications is an integral part of the overall agreement between RealPage, Inc., and Licensees of CrossFire product centers.

User Authorization

Authorized Users

Site Owner's access to and use of the CrossFire System shall, at times, be limited to employees and agents of Site Owner, each of whom shall have been identified by the Site Owner to Provider as an authorized user (an –Authorized User). Site Owner shall permit only Authorized Users to access and use the CrossFire System. Site Owner must not permit any other entity to access and use the CrossFire System without the permission of Provider. Site Owner shall ensure that all Authorized Users of Site Owner's passwords comply with these terms and conditions of use. Site Owner shall not permit anyone who has not been designated as an Authorized User to obtain or use an assigned password, nor permit anyone who has ceased to be an Authorized User to continue to use an assigned password.

Site Owner's Agents

Any agent of Site Owner accessing and using the CrossFire System on behalf of Site Owner shall, prior to such access and use, agree to be bound in its individual capacity to all of these terms and conditions of use by means of acceptance of a CrossFire System Agent's Master Agreement.

Passwords

Site Owner will be solely responsible for the confidentiality of the passwords used to access the CrossFire System and will be solely responsible for any and all losses and damages to either Party resulting from the loss, theft, or misuse thereof, or from Site Owner's failure to maintain, the confidentiality of Site Owner's passwords.

On-Demand Learning User Access

Access to CrossFire On-Demand Learning requires activation within CrossFire setup options. Once CrossFire On-Demand Learning has been activated for a property, all users assigned a CrossFire role within the property will be able to access CrossFire On-Demand Learning web-based training courses. Authorized users may easily access the menu of available CrossFire product center courses by selecting the Learning tab. Selecting the desired class launches the user's web-based learning experience.

1. CALIFORNIA CONSUMER PRIVACY ACT OF 2018 (“CCPA”) DATA PROCESSING STATEMENT

This CCPA Data Processing Statement applies to “Personal Information” of a “Consumer” as those terms are defined under the CCPA (referred to hereafter as “Personal Data”) that RealPage processes in the course of providing services under the Product Center (“Services”) governed by the Agreement to Customer.

RealPage understands the terms in this CCPA Data Processing Statement and agrees to comply with them. The terms of this CCPA Data Processing Statement will prevail in connection with the purpose and scope of this CCPA Data Processing Statement over any conflicting terms in the Agreement.

- 1.1. Customer’s Role. The Customer is a for profit entity that determines the purpose and means of processing Personal Data. Customer will provide Personal Data to RealPage solely for the purpose of RealPage performing the Services.
- 1.2. RealPage’s Role. RealPage shall provide the Services and process any Personal Data in accordance with the Agreement. RealPage may not retain, use, or disclose Personal Data for any other purpose other than for providing the Services and in performance of the Agreement.
- 1.3. Data Processing, Transfers, and Sales. RealPage will process Personal Data only as necessary to perform the Services, and will not, under any circumstances, collect, use, retain, access, share, transfer, or otherwise process Personal Data for any purpose not related to providing such Services. RealPage will refrain from taking any action that would cause any transfers of Personal Data to or from RealPage to qualify as “selling personal information” as that term is defined under the CCPA.
- 1.4. Sub-Service Providers. Notwithstanding the restrictions in Section 2.3, Customer agrees that RealPage may engage other Service Providers (as defined under the CCPA), to assist in providing the Services to Customer (“Sub-Service Providers”). RealPage carries out appropriate due diligence on each Sub-Service Provider and the arrangement between RealPage and each Sub-Service Provider is governed by a written contract which includes terms substantially equivalent to those set out in this CCPA Data Processing Statement.
- 1.5. Security. RealPage will use commercially reasonable security procedures that are reasonably designed to maintain an industry-standard level of security, prevent unauthorized access to and/or disclosure of Personal Data.
- 1.6. Retention. RealPage will retain Personal Data in accordance with Customer instructions, the terms of the Agreement, or any applicable law(s), whichever requirement is controlling under the circumstances. At the termination of this CCPA Data Processing Statement, or upon Customer’s written request, RealPage will either destroy or return Personal Data to the Customer, unless legal obligations require storage of the Personal Data.
- 1.7. Assistance with Consumers’ Rights Requests. If RealPage, directly or indirectly, receives a request submitted by a Consumer to exercise a right it has under the CCPA in relation to that Consumer’s Personal Data, it will provide a copy of the request to the Customer. The Customer will be responsible for handling and communicating with Consumers in relation to such requests.
- 1.8. Enforceability. Any provision of this CCPA Data Processing Statement that is prohibited or unenforceable shall be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof. The parties will attempt to agree upon a valid and enforceable provision that is a reasonable substitute and shall then incorporate such substitute provision into this CCPA Data Processing Statement.
